

MACDUFF CANDLES

Custom Club Candle Program

Hi, my name is Lily Green. I am 12 years old and was inspired to create my own business by watching Shark Tank on television. My dad is in the golf business and as a family we love candles. We researched golf themed candles and couldn't find anything. So, we came up with MACDUFF CANDLES. We think they are the perfect gift for golfers. The scents are based on the game of golf and our logo represents the linking of water, grass and sand. I am excited to introduce our Custom Club Candle Program - It's as easy as 1,2,3.
